

Puerto Plata, Dominican Republic

Majestic Building with 7 Bedroom Vintage Hotel
The time to invest in the city of Puerto Plata is now, and an established, fashionable building with a hotel (and room for other businesses) is the perfect way to do it. There are extremely big and exciting plans coming in the near future to Puerto Plata, Miami-style beachfront restaurants overlooking the ocean with docks for boats and large cruise ships (which 2022 has hundreds scheduled coming in), also plazas being built and much more. The newly elected President has devoted to re-invent and spark tourism here on the already busy north coast of the Dominican, thus making this particular building/hotel the perfect investment. The design of this majestic building's 7 bedroom vintage hotel is of pure class, 1920
