

Cabarete, Dominican Republic

Established Hotel for Sale in the Heart of Cabarete
This established hotel is for sale and it is right in the heart of Cabarete, it is less than a minute walk to the beach and many shops & restaurants that Cabarete has to offer. This is exactly what they mean by location, location, location! There are 57 hotel-style rooms that are fully operating right now, and fully booked. The guests get to enjoy two different pools with a bar located in between to enjoy a refreshing cocktail. The property is surrounded by lush, green tropical forestry that allows you to really feel the Caribbean vibe. With the beach only steps away, and it being very quiet and tranquil inside, it's no wonder the hotel rooms are constantly booked. But there is more! There is also a building on the property with a restaurant and seating area. Only some furniture and equipment is needed to get this restaurant up and running. There is truly a lot of potential with this package; in the large building of the restaurant is also 18 other rooms that can be made into hotel rooms, or even rent them out as office space. On the property to the right of the pools is some green area that has the potential to build 16 extra rooms. This property is an absolute must-see, please fill out the request box on the side for further information.
