

### Sosua, Dominican Republic

Last lot left of 1200 sq.m land and its ready to be built on!  
It's 2023 and land here on the north coast is selling out fast! This plot of land is up to 3400 sq.m, a minimum of 1000 sq. m can be sold. The land has been cleared and ready to be built on, the location is quite nice, it's remote and you are facing the countryside. Purchase yourself a plot to build your dream home here in the Dominican, or if you're an investor... this is the perfect spot to build a small community, perhaps 5-7 villas. There are no monthly HOA fees here yet you are super close to other gated communities as well as only a couple minutes drive to the center of Sosua and all of it's beaches, shops and restaurants.
