

Sosua, Dominican Republic

Get this Studio for 30K down with owner financing!!

This building was finished being built in late 2021, so everything is brand new. It's located in-between Sosua and Cabarete and is in a fan favourite expat beach front gated community. Perfect spot to rent out for AirBnb or to use as a getaway destination. This modern studio has a large patio that faces and opens up to the pool and that rests on the natural Dominican stone 'coralina' that never gets hot and is esthetically pleasing. There are two restaurants right out front making everything very convenient, as well as two restaurants on the gorgeous beach that is only a few minutes walk away (inside the community). There is also a spa, yoga class, reception, shop, hammocks and more. If you're looking to get your feet wet with an investment here in the Dominican Republic, this modern studio is a great choice. The property value has been steadily on the rise and will continue to do so as the beachfront gated communities have nearly all sold out. Don't miss your chance to start a new business endeavour in life! Please fill out the request box for further information regarding this property or any other questions regarding investing here on the north coast of the Dominican Republic!
